I'm the blackest serpent  
I'm the ghost in the night  
I'm the rapist of women  
I suck the blood between your thighs  
I want a woman to penetrate  
I'm the cruellest beast you'll ever meet

I love the smell of burned skin  
I'm high speed death  
I make you feel you're something special  
Then I'll trash you bitch  
I make the sun turn black on you babe  
I'll brake your every bone  
I am the emperor of dark storms and death... come on!

Kiss the demon... tongue of death  
Fist of metal... I'm locomotive death

Locomotive death  
Locomotive death  
Locomotive death  
Locomotive death

Oh... come on

Exploding energy, riding wheels of steel  
Death bells pounding, blasting bleeding ears  
I am the slayer, the face of death  
I am the reaper, the locomotive death

Penetrating locomotive, burn between your thighs  
A glimpse of hell, a flesh of light, fire in my eyes  
Sodomy and death forever, with speed of light  
I'll never fall, I'll rape them all, hear my screams  
Bitches here I come...

Thunder in the sky... lightning in my eyes  
I'm Locomotive death

Locomotive death  
Locomotive death

Locomotive death  
Locomotive death  
Locomotive death

Yeah... !

Locomotive death  
Locomotive death  
Locomotive death  
Locomotive death
