Here is no hope - here is no right  
Come pick a card, the Devil's game is on tonight  
Come step inside & take a look - what do you see  
... Splenderously...  
Here is no love - here is no might  
There's just one game, come step inside  
The time is right  
Your soul to pay if you don't beat the jackal face  
... No mistakes...  
Here is no cure - here is no wine  
Come pick a card, do you feel lucky here tonight  
We play it hard - it's 21 - you stand or fall  
... Face the wall...  
Here is no trust - here is no light  
You come to play, you better get through the night  
Now do your bidding  
It's your soul that's on the stake  
... No mistake...  
You wanna play the Devil's game  
You better face what's coming  
Don't be sure that there is no more  
If you don't cheat at the table  
Sivertongue devil - burning in my soul  
Got a pocket full of diamonds - fortune, fame & gold  
Don't you want it all - come step into the light  
Oh, sivertongue devil - the game is on tonight  
Here is no hope - here is no right  
Come pick a card, the Devil's game is on tonight  
The ace of spades you choose  
This time it's do or die  
... Make it right...  
Here is no love - here is no might  
There's just one game and you've got 7 left to fight  
Your soul to burn if you don't beat the jackal face  
... No mistake...  
Here is no cure - here is no wine  
Come pick a card, it's one step closer to the line  
We play it hard - it's 21 - you stand or fall  
... Face the wall...  
Here is no trust - here is no light  
You came to play - you picked the wrong card

Time to die  
The king of hearts is not the ticket to the sky  
... Your soul is mine...  
You wanna play the Devil's game  
You better face what's coming  
Don't be sure that there is no more  
If you don't cheat at the table  
Silvertongue devil - burning in my soul  
Got a pocket full of diamonds - fortune, fame & gold  
Don't you want it all - come step into the light  
Oh, silvertongue devil - the game is on tonight  
Your soul belongs to the Devil  
You picked the wrong card, now it's time to pay...
