"Under The Blade"

A glint of steel, a flash of light
You know you're not going home tonight
Be it jack or switch, doctor's or mind
Nowhere to run, everywhere you'll find
You can't escape from the bed you've made
When your time has come, you'll accept the blade!
You're cornered in the alley way, you know you're all
alone
You know it's gonna end this way, chill goes to the bone
Now here it comes that glistening light, it goes into
your side
The blackness comes, tonight's the night, the blade is
gonna ride
'Cause you're under the blade
Oh, you're under the blade
It's not another party head, this time you cannot rise
Your hands are tied, your legs are strapped, a light
shines in your eyes
You faintly see a razor's edge, you open your mouth to
cry
But you know you can't, it's over now, the blade is
gonna ride
'Cause you're under the blade
Oh, you're under the blade
A glint of steel, a flash of light
You know you're not going home tonight
Be it jack or switch, doctor's or mind
There's nowhere to run, everywhere you'll find
You can't escape from the bed you've made
When your time has come, you'll accept the blade!
You've tried to make it to the front, you're pinned
against the side
A monster stands before you now, it's mouth is open
wide
The lights go on, the night explodes, it tears into your
mind
When the night does end, you'll come again, the blade
is gonna ride
'Cause you're under the blade
Oh, you're under the blade
Ow!

Now you're under it
You're going down, down, down, down, down, down
Down, down, down, down, down, down, down
Hey!
Ow!
