

Nocturne "Dead Sea"

Visit "[Dead Sea](#)" on MotoLyrics.com

I eat the soul within your flesh
I drink the blood within your vein
I breathe the air within your lungs
I prosper off of your pain
I bathe in tears that you cry
I suffer off of your joy
I live to ruin you
I live to terrorize your life

Dead Sea
Dead Sea
A waste of human life
The world could do without
Your weeping makes me laugh
Your shriek is music to my ears
A candy-coated little whore
Conceived of hate and disease
The worst is yet to come
I will suck your life away
Dead Sea
Dead Sea
