The end of the Russian tragedy  
Became in 1917 here  
They cried for a lot of centuries  
They obtain the final victory [x2]

Rescue them! Memory...  
Rescue them!  
They cannot hear you  
Rescue them! Memory...  
Rescue them!  
They cannot hear you

Why is the black cross now you best friend?  
Why do you sign this new deal?  
Why don't you fight them?  
Why don't you see the black cross is you enemy?

Rescue them! Memory...  
Rescue them!  
They cannot hear you  
Rescue them! Memory...  
Rescue them!  
They cannot hear you

Why is the black cross now you best friend?  
Why do you sign this new deal?  
Why don't you fight them?  
Why don't you see the black cross is you enemy?

They killed the first men, they're killing Trotskij\*  
They killed the first men, they kill in SpainÂ° now...
