Move ya feet come on

Dont you wanna dance?

Im tryna give you a chance

So why you acting all shy?

Cant-catch-me-like-that-Im-much-to-fly!

Hot!

There's a rumour thats out

That ya checkin for me

If ya wanna be down

Are ya scared of me?

Tried giving ya hints

Tried flirting with you

Even moving my hips from side to side

Boy you made me see

Is he gonna take in

I dont understand why

You keep visiting

Dont be anymore

Being anybody

'Cause you moving to slow

Oh why? Oh why?

Stop acting silly (Uh)

You know you want me

Dont front its easy (Come on)

{Chorus }

Boys in the place, its shocking me but

Your the only one Im thinking 'bout

Why ya wanna keep procrastinating?

Better step to me 'fore time runs out

The jam is about to end

You'll never get this chance again

Come on with the heat, gimmie a shot

No ya better not sleep

Better get it while its hot!
