When I was young  
I thought I had my own key  
I knew exactly what I wanted to be  
Now I'm sure  
You've boarded up every door

Lived in a bubble  
Days were never ending  
Was not concerned  
About what life was sending  
Fantasy was real  
Now I know much  
About the way I feel

I'll paint you the picture  
'Cause I don't think you live round here no more  
I've never even seen  
The key to the door  
We only get what we will settle for

While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away, away, away  
They fade away, away, away

Now my life has turned  
Another corner  
I think it's only best  
That I should warn you  
Dream it while you can  
Maybe someday I'll make you understand

I'll paint you the picture  
'Cause I don't think you live round here no more  
I've never even seen  
The key to the door  
We only get what we will settle for

While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away  
While we're living  
The dreams we have as children  
Fade away, away, away  
They fade away, away, away  
They fade away, away, away  
They fade away, away, away
