When angels kiss
And swallows cry
One day will come
We'll learn to fly
The broken wings
In mothers arms
Gods army sings
We'll find our light

When angels kiss..

When angels kiss...

When angels kiss....

Tell me why
Turns the water into wine?
Can't you feel the secret sign?
An angels kiss will set me free

Tell me why
Fades the colour into grey?
A shining star will lose one's way
A helping hand will rescue me

When angels kiss
Swallows cry
One day will come
We'll learn to fly
The broken wings
In mothers arms
Gods army sings
We'll find our light

When angels kiss..
We'll find our light...

When angels kiss...
We'll find our light....
