He spent 15 years getting loaded  
15 years till his liver exploded  
Now what's Bob gonna do now that he can't drink?  
The doctor said: "what you been thinkin bout?"  
Bob said : "thats the point! i wasn't thinkin bout  
nothing,now i gotta do something else."  
Oi! Oi! Oi!  
Spent his time somebody shaved his head  
He got a new identity.  
62 air holed conditioned boots and a girl who rides a  
scooter  
To take him out....  
.....of town  
They would get away  
Runnin around  
As the trucks drive by you can hear the mother fuckers  
go "PUNK!"

A couple of lines an extra thermos of joe  
He'll be kickin in heads at the punk rock show  
Bob's the kinda guy who knows just what  
Bob's the kinda guy who knows just what to do  
When the doctor tells him to  
"Quit your drinkin nows the time"  
Will he ever walk the line?  
To all my friends i feel just great  
Will he ever walk the line?  
Kissin ass  
Givin head  
Red suspenders  
Once a day he shaves his head  
But will he ever walk the line?  
Will he ever walk the line? x4
