It's over before it starts  
oh don't you know  
so on your marks, stand by, ready go  
from london to new york  
montreal to tokyo  
i see visions of her  
everywhere i go

what have i become  
now that i'm alone  
i'm just looking for a way to break  
free of these walls and  
and i'm just looking for a place that  
i can call i can call my home yeah  
has anybody out there got a soul  
cause i'm just looking for a girl  
the girl with a heart of gold

she always comes once  
again with her champagne taste  
she goes straight down the rat hole  
with her total recklessness  
and tomorrow will come on through  
and i got nothing but a silhouette girl  
met her in the darkness

and i say...  
what have i become  
now that im all alone  
and i just looking for a way to break free of these walls  
and  
and i'm just looking for a place  
that i can call my home  
has anybody out there got a soul  
cause i'm just looking for a girl  
the girl with a heart of gold  
you know i'm just lookin for a girl  
the girl with a heart of gold

yeah i'm in a corner

i'll start over  
start the whole slate clean  
all the pain and heartache and all the years  
i was always to blame  
i dream of this girl  
??? ???  
met her in my neighborhood  
i'm a downtown member in a dark lot  
don't let me be misunderstood  
i'm a downtown member in a dark lot  
don't let me be misunderstood

don't let me be misunderstood

i'm just looking for a way to break free of these walls  
yeah  
i'm just looking for a place i can call my home  
has anybody out there got a soul  
i'm just looking for a girl  
the girl with a heart of gold
