Kick back watch it crumble,
See the drowning, watch the fall
I feel just terrible about it
That's sarcasm, let it burn
I'm gonna make a toast when it falls apart
I'm gonna raise my glass above my heart
Then someone shouts "That's what they get!"
For all the the years of hit and run
For all the piss broke band on VH1
Where did all their money go?
Don't we all know
Parasitic music industry
As it destroys itself
Well show then how it's supposed to be
Music written from devotion
Not ambition, not for fame
Zero people are exploited
There are no tricks up our sleeve
Gonna fight against the mass appeal
We're gonna kill the seven record deal
Make records that have more
Than one good song
The dinosaurs will slowly die
And I do believe no one will cry

I'm just fucking glad I'm gonna be
There to watch the fall
Prehistoric music industry
Three feet in la brea tar
Extinction never felt so good
If you think anyone will feel badly
You are sadly mistaken
The time has come for evolution
Fuck collusion, kill the five
Whatever happened to the handshake?
Whatever happened to deals
no-one would break?
Whatever happened to integrity?
It's still there it always was
For playing music just because
A million reasons why
All dinosaurs will die

All dinosaurs will die
All dinosaurs will die
All dinosaurs will die
