I never thought about the universe,
It made me feel small.
Never thought about the problems of this planet at all.
Global warming, radioactive sites,
Imperialistic wrongs, and animal rights. NO!

Why think all the bad things when life is so good?
Why help with an end when there's always a could?
Let the whales worry about the poisons in the see,
Outside of California, it's foreign policy.

I don't want changes,
I know reactions
Your dilemmas are my distractions.

Thats no way to go, Franco Un-American
No way to go, Franco Un-American
No way to go, Franco Un-American
No way to go, Franco, Franco Un-American

I never looked around, never second-guessed
Then I read some Howard Zinn now Im always
depressed
And now I cant sleep from years of apathy
All because I read a little Noam Chomsky

Im eating vegetation cause a fast food nation
Im wearing a couple of shoes cause of globalization
Im watching Michael Moore expose the awful truth
Im listening to Public Enemy and Reagan Youth

I see no world peace cause theyre zealous armed
forces
I eat no breath-mints cause they're from the hooved
horses
Now I cant believe; what an absolute failure
The presidents laughing cause we voted for Nader

We all know George Bush is an imbecile
He loves Dick but he hates homosexuals
I'm sick and tired of the embarrassment

The whole world wants us to

I want to move north and be a Canadian
Or hang down low with the nice Australians
I dont want to be another I-dont-care-ican
What are we gonna do Franco, Franco Un-American
