"Murder The Government"

Visit "[Murder The Government](#)" on MotoLyrics.com

I wanna see the constitution burn
Wanna watch the white house overturn
Wanna witness some blue blood bleed (fucking) red

I wanna tar and lynch the KKK
I wanna pull and shoot the NRA
(I wanna pay the lobbyists to kill themselves)
(I wanna dose the DEA)
(I wanna join the CIA (not really))

(It just seems so fucking easy to make this)
(Country a better place to live.)

(Illegalize guns and lobbying)
((Jail murderers and extortionists)...)
(Legalize drugs and prostitution)
((Free salesmen and saleswomen)...)

Murder the government, Murder the government
Murder the government, And then do it again yeah
Murder the government, Murder the government
Murder the government, and then
Murder the government
