Be a winner not a problem admitter un quit
Better to be a hepper than a healthy 12 stepper, forfeit
You wanna keep it goin? but you don't know how
Everyone at meetings gets a LÃ¶wenbrÃ¼u
You quit, you're shit, you're a quitter
(I quit, I'm shit, I'm a quitter)
And no one likes you

Start a pattern of behavior; I see no reason to stop.
You got a habit, got to have it ?til it's finished don't stop
The Charlie Chan's chopped, Pabst pitcher been poured
You got a spare kidney and your liver looks bored

So stop fucking around
(With friends like you I'm fucked)
You're buying the next round

You wanna be a Thompson, Hemingway, Bukowski
Banging Bill Burroughs lived to 83
You're famous and you're rich, quit acting like a bitch
(You're a fucking dickhead)
And no one likes you!
