Cause I'm no fool.

I play pool,

Cause I'm cool.

I play pool after school,

I play pool all the time.

Cue in my left hand, beer in right.

I shoot and drink all through the night

That sloppy english does me just right

I use that sloppy english all the time

I hold my stick,

Like I hold my dick.

Hustling beers from wetto

That's the trick.

I use that sloppy english,

All the time.
