Got in the water,  
Got in the lead,  
Got in your head,  
They're all dead.

Thalidomide child,  
Thalidomide child,  
Thalid-thalidomide child.

How long it took,  
The sleeping pills,  
They didnt know,  
That it would kill.

Thalidomide child,  
Thalidomide child,  
Thalid-thalidomide child.

When you're born,  
Try to hide,  
It'll get you,

Thalidomide.

Thalidomide child,  
Thalidomide child,  
Thalid-thalidomide child.

How long it took,  
The sleeping pills,  
They didnt know,  
That it would kill,  
When you're born,  
Try to hide,  
It'll get you,  
Thalidomide.

Thalidomide child,  
Thalidomide child,  
Thalid-thalidomide child.
