Mr. McCarthy killed the light  
He didn't wake his lovely wife  
He left the key inside the door

Woke on the wrong side of the bed  
She can't remember what he said  
But she sure knew what he had done

Little choices in a, a little town  
Maybe a, little man is right to be afraid  
Biblical moralization, identity frustration  
Confused man cannot know his heart

So he may be fuckin' her  
But he's thinkin' about him

Catherine McKinnon does exist  
She likes to call herself a feminist  
A crusader who fights the patriarch

But what she really hates is sex  
Erotic images oppress  
And debase women as a whole

Simple solutions created by  
Black and white thinking  
Too bad the world not work that way

Catherine should get busy porkin'  
That dolt Andrea Dworkin  
I think they need a good hard fuck

'Cause she may be off her back  
Now she needs to get off ours

The little man sits all alone  
His sexuality's been cut in stone  
He doesn't love her, she don't really care  
Two victims of the black and white

The black and white
