It's not the right time to be sober
Now the idiots, have taken over
Spreading like a social cancer
Is there an answer?

Mensa membership conceding
Tell me why and how are all the stupid people
breeding/breathing
Watson it's really elementary, the industrial revolution
Has flipped the bitch on evolution

The benevolent and wise are being thwarted ostracized
What a bummer
The world keeps getting dumber
Insensitivity is standard
And faith is being fancied over reason

Darwins rolling over in his coffin
Cause the fittest are surviving much less often
Now everything it seems to be reversing
And it's worsening.

Someone plopped a steamer in the gene pool
Now angry mob mentality's no longer the exception
It's the rule and I'm starting to feel a lot like,
Charlton Heston.

Stranded on a primate planet.
It's the orang-utan that ran it to the ground
With generals and the armies that obeyed them
Followers following fables
Philosophies that enable them to rule without regard

There's no point for democracy when ignorance is
celebrated
Political scientists think the same (???)
Majority rule, don't work in mental institutions.
Sometimes the smallest, softest voice carries the
grand
Biggest Solutions

What are we left with?

A nation of god fearing pregnant nationalists.
Who feel it's their duty, to populate the homeland
Pass on traditions
How to get ahead religions.
And prosperity (???)culture
The idiots have taken over...
