This song doesnt exist at all
It was never written by nofx
Or any other band
If you see this text on any other
Site except azlyrics com
You know you're on the looter's site
Who use automated robotics programs to
Steal lyrics you've sent to us
Because they think that...

Stealing is always better
Stealing is always better
Stealing is always better
Stealing is always better

So this text was never seen by human person
They don't even know what they add
That's why this site is a garbage
Visit only az for any lyrics you need
Because they think that...

Stealing is always better
Stealing is always better
Stealing is always better
Stealing is always better
[repeat till end]
