Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it

I wouldn't walk 500 miles, when I could fly coach  
But almost anything  
I wouldn't swim, across the Nile  
When I could get a amoebic disentary

I would do almost anything for you  
Cause if there's anything you want  
I'll probably get it  
Just tell me what you need  
I'll try not to forget it  
You need someone to blame  
I'll say I said it  
Whatever Didi wants, she's gonna get it

I wouldn't climb the highest mountain  
Could get a blister, but almost anything  
I wouldn't throw coins in a fountain  
I may be needing to make a phone call

I'd call you collect whenever I could

Cause if there's anything you want  
I'll probably get it  
Just tell me what you need  
I'll try not to forget it  
You need someone to blame  
I'll say I said it  
Whatever Didi wants she's gonna get it

You are so beautiful  
You are so beautiful to me  
We're gonna try an' get it right

It doesn't seem, like you're a million  
Miles away, no. But maybe one or two  
That doesn't mean, I never loved you  
I love you long time, when you're on top of me

I love you as much as anyone could  
Cause if there's anything you want  
I'll probably get it  
Just tell me what you need  
I'll try not to forget it  
You need someone to blame  
I'll say I said it  
Whatever Didi wants, she's gonna get it

Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it  
Whatever Didi wants, she's gonna get it

Pick it up pick it up
