A pure madness a ruling de world
ProvidinÂ' things we donÂ't need
Killing vibes
pon dis a riddim
We haffi find the truth
In dis confusion
Cause we haffi live R lives
without illusion
what could be the right choice
to make the first step work
to keep R minds alive
war inna babylon
no place for redemption
mix up reality
the mankind destiny
in dis a mass mind rape
we are so sick of lies
donÂ't forget your culture
we no want no vultures
we gonna blow dem the full watts tonite
