

Noisettes "Atticus"

To kill a mockingbird is
To silence the song that seduces you
Why? 'Cause you need that desire
In your heart to survive

And you need that burning fire
In your soul to know
You're still alive, so catch me when I fall
Or did I dive at your delight?

In my heart I can fly
And I cannot disguise my love
There is no time
And I wouldn't know how

Constellations tonight
Are so fiercesomely bright, my love
I have no fear
I am Atticus now

Remember what I lost like hot coals
In my hand from days gone by
Like Pandora adored the euphoria
As her heart raced

Like love lost you've got to try even in vain
Feels like you'll go insane
But your heart is instrument
That I've ever had to play

In my heart I can fly
And I cannot disguise my love
There is no time
And I wouldn't know how to

Constellations tonight
Are so fiercesomely bright, my love
I have no fear
I am Atticus now

So why don't we fall into the waves?
Can't you see how my heart

Yearns to misbehave?

In my heart I can fly
And I cannot disguise my love
There is no time to
And I wouldn't know how

Constellations tonight
Are so fiercesomely bright, my love
I have no fear left
'Cause I am Atticus now

So why don't we fall into the waves?
Can't you see how my heart
Yearns to misbehave?
