There's a boy I like south of the river  
That doesn't leave his house the morning up till noon  
Not even when the flowers are in bloom

We could take a stroll or just share, you know  
I just want to be your lady, oh come home soon  
They say I'm a fool

I'm standing in the cold without a coat  
But I just won't go down, down, down  
Down, down, down

Let me show you the beat of my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start

Maybe the stars will go our way  
Lover, I will never ever let you stray  
And I hope to see you some day

We could watch the night sky fade to blue  
Listen to your heart  
And maybe you will break through  
Breaking the rules

Even though I'm standing in the rain without a coat  
But I just won't go down, down, down  
Down, down, down

Let me show you the beat of my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start

Wanna give you the keys to my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start, hey, hey

So let me show you the beat of my heart  
Let it start, just let it start

Let me show you the beat of my heart  
Let it start, let it start

You could be the first time I need a chart  
Just let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start

Do show me the beat of your heart  
I just won't go down, down, no, down  
Down, down, down
