I dont want to loose a friend
I dont want to miss another opportunity
I'm sorry that I let you down
I could not be what you wanted me to be
Soul music and rock and roll
All my life I've been chasing rainbows
When will I ever know, know when it's time to go

Close the door, cause it doesn't really matter, it doesn't
really matter.
cause I know for sure it might be the last time that I
give my love to you,
When we make contact (Ohoh), I just never want it to
end.

Too fast and curious
Life flashes right before your sore eyes
What happened to the plans we made
Sipping cold lemonade outside in the shade,
I feel it as we dance, the warm sensation of innocence.
Two beautiful worlds collide, i'll see you on the other
side.

Close the door, cause it doesn't really matter, it doesn't
really matter.
cause I know for sure it might be the last time that I
give my love to you,
When we make contact (Ohoh), I just never want it to
end.
When we make contact, i dont have to pretend

You don't have to say you love me
You don't have to say you love me
Cause I know by the look you show

When we make contact (Ohoh), I just never want it to
end.
When we make contact (Ohoh), I just never want it to
end.
When we make contact (Ohoh), I just never want it to
end.

You don't have to say you love me
You don't have to say you love me
Cause I know by the look you show
