(Verse)

Sitting in a ragtop car with you
Feels like my freedom is a passport
Shining bright inside the pocket
Deep inside of my soul
You and me together gonna take on the world
So look out 'cause we're coming on strong
And the world is our oasis
And we can drink on them to victory
Though there are many obstacles ahead
We will not give up 'til we are dead

(Chorus)

Two souls together sitting in a ragtop car
And I believe we're bound for glory
Everybody knows the same old story
Keep the rain behind you and the sun straight up ahead

(Verse)

Seeing all the colours of the rainbow
I done told my friends goodbye
I made love with my man for the very last time
Changing up the switches on the radio
I didn't dream on make it this far
Now I'm flying down the highway my way
Two fingers in the air
Though there are many obstacles ahead
We will not give up 'til we are dead

(Chorus x2)

Two souls together sitting in a ragtop car
And I believe we're bound for glory
Everybody knows the same old story
Keep the rain behind you and the sun straight up ahead

(Bridge)

There is no happy ending
They'll leave no goodbyes

(Chorus x2)

Two souls together sitting in a ragtop car

And I believe we're bound for glory
Everybody knows the same old story
Keep the rain behind you and the sun straight up ahead
Just keep the rain behind you and the sun straight up
ahead
