I don't wanna talk, wanna hear about the things that  
she said  
Running round in my head  
And I don't wanna hear about her favourite magazines  
that she keeps,  
About her blogs and her tweets  
I'll tell you something, it ain't no mystery how your new  
best friend looks  
In your eyes

Cause,  
That girl's in love with you  
That girl's in love with you  
I know that you're too blind to see  
I know that it's so plain to see  
That girl's in love with you  
So madly

I don't want to speak if you're not coming home  
I'll be down the street, I'd rather dance to the beat  
And I don't want to cure your hangover  
'Cause we never did shots  
You were with her until 4  
I don't mind company  
Well not officially  
But when she sits next to you  
You don't realise woo-oo-oo-oo

That girl's in love with you  
That girl's in love with you  
I know that you're too blind to see  
I know that it's so plain to see  
That girl's in love with you  
So madly

That girl's in love with you  
(That girl's in love with you)  
That girl's in love with you  
That girl

I know that you're too blind to see  
I know that it's so plain to see

That girl's in love with you

I'm just a so-and-so  
A lucky so-and-so  
I do what I do 'cause I'm mad for you  
But just a peek at you  
And I can see that you're delirious, so seriously

Backing singer:  
Honestly

Dan:  
If I was playing, baby, you'd be sorry

Shingai:  
Baby end of story  
That girl's in love with you  
That girl's in love with you  
I know that you're too blind to see  
I know that it's so plain to me  
That girl's in love with you  
(That girl's in love with you)  
That girl's in love with you  
(That girl's in love with you)  
I know that you're too blind to see  
I know that it's too plain to see  
That girl's in love with you  
That girl's in love  
That girl's in love  
That girl's in love with you  
So bad
