I still recall that autumn day, the sun kept the winter  
away

There it stood, this huge monumnet which was our  
dwelling to be

With the trees, the lawn and the lake nearby  
Everything was perfect it wasn't for him

Why didn't you pull the trigger?

Why didn't you shoot that pig?

The voice in my head keeps asking

As the nauseating pain keeps growing

As soon as I looked into the attic window the nausea  
was brought upon me

A dark lair downstairs hiding something and I don't  
wanna know what it is

The room is filled with flies, mud and stinking filth  
But there is something else trying to enter my mind

Chaos, degeneration, senseless banging on the door

The crucifix covered up, and the paintings on the wall

Dishnour thy father pigs, a message from below

The hate spreads in this house, yes come into my mind

He's here stay away from him

The ugly priest with his lies

The voice in my head keeps echoing

Look at them the pathetic animals

They'd be better off dead, don't you think so?

(Yes you think so)

The voice in my head keeps exhorting

As the nauseating pains keeps growing

But this pain gives me pleasure and invites me in and  
finally one night it came to me

Raped and twisted my mind and placed it's embryo  
inside

Evil has now entered me, my acts are to humiliate god

I still don't know what entices and compels me into  
insanity

Time is nigh, I'm led by the one and I must fulfil his  
needs  
(You must do it, you must do it now)
