Lurking in the shadows unseen to mankind  
You feel my presence near my eyes staring blind  
Malicious tools of torment crave infected blood  
Sadistic laughter echoes as I mutilate with lust  
Beg for mercy – There's no need  
On you blood – I will feed  
Penetrate your disfigured cunt  
My tools of torment will hunt you down – ... – ... – ... die

Stalking the misty alleys hatred fills my mind  
My blood's pumping faster as a fuckin' whore  
appears  
I cut her abdomen wide open I slit her from ear to ear  
And carving out the entrails with morbid insanity

They'll never know the reason why,  
Why they had to die  
Dismembered pieces on the floor  
You've paid your price fuckin' whore – ... – ... – ... just  
die

Another slut approaching that cocksucking pig must  
die  
In disgust I swing my axe and split her fuckin' skull  
My tools of torment plunge deeper into a lifeless heart  
Ripping out the eyeballs reflecting the shape of a  
reaper

They'll never know the reason why  
Why they had to die  
Dismembered pieces on the floor  
You've paid your price, fuckin' whore  
Yearning – Screams of pain in the night  
Your body trembling with fright  
Feel the embrace of death  
As you take your last – ... – ... – ... breath  
Feel my embrace of death  
As you take your last – ... – ... – ... breath

Die you worthless cunt

I'll baptize you in torment

I'll baptize you in blood  
I'll slash you beyond recognition  
As my bloodlust is proceeding endlessly

Malicious torment
