Do the things that keeps the smile on her face
Say the things that make her feel better everyday
You betcha got to stay on your p's and q's
If you don't, the woman you can easily lose.

Whoa oa oa I had a love, a true love & I lost it
No one can understand about the pain that it caused
me

Ohhh, a woman's gotta have it, I believe,
She's gotta know that she's needed around
When you kiss her, you gotta make her feel it
She wants to know that she's not walkin' on shakey
ground

Don't take for granted the smile on her face
Check a little bit closer, you might find a tear trace
Maybe the girl might never say a mumbling word
But she's gotta know that her voice is heard

Whoa oa oa I had a love, a true love & I lost it
No one can understand about the pain that it caused
me

Ohhh, a woman's gotta have it, I believe, I should know
She's gotta know that she's needed around
When you kiss her, you gotta make her feel it
She wants to know that she's not walkin' on shakey
ground
