Oh, A woman's got to have it
A woman's got to have it

Do the things that keeps the smile on her face
Say the words that make her feel better everyday
You betcha better keep on your p's and q's
If you don't, the woman you can easily lose

Oh I had a love, a true love & i lost it
no one seems to understand about the pain that it
caused me

A woman's gotta have it, I believe,
she's gotta know that she's needed around
When you kiss her, you gotta make her feel it
she wants to know that she's not walkin' on shaky
ground
when you miss her, you gotta be for real and
make her know that she's needed around

Don't take for granted the smile on her face
Check a little bit closer, you might find a tear trace
Maybe the little girl never said a muffling word
but she's gotta know that her voice is heard

Oh I had a love, a true love & i lost it
no one seems to understand about the pain that it
caused me

Ohhh, a woman's gotta have it, I believe, i should know
she's gotta know that she's needed around
When you kiss her, you gotta make her feel it
she wants to know that she's not walkin' on shaky
ground
when you miss her, you gotta be for real and
make her know that she's needed around

Oh I had a love, a true love & i lost it
now i'm suffering all this pain that the true love caused
me

a woman's gotta have it, I believe, i should know
she's gotta know that she's needed around
When you kiss her, you gotta make her feel it
she wants to know that she's not walkin' on shaky
ground
when you miss her, you gotta be for real and
make her know that she's needed around

A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
A woman's got to have it, woman's got to have it, have
it
