And I know you really like it
And I know you really like it

Not gonna hide it
Tried to disguise it
I wouldn't lie
It's just my natural motion
Keep it around
Want to get down
Cuz it's much too profound
My natural motion

You look at me as if I'm pure temptation
But I can't help the way that I move
I've always been this kind of physical person
So now don't try to change me
Cuz this is how I groove

I'm not gonna hide it
Been tryin' to disguise it
Baby I wouldn't lie
It's just my natural motion
Keep it around
If you want to get down
Cuz it's much too profound
My natural motion

You think a girl should have a safe demeanor
Next thing you'll tell the birds not to fly
You see, for me that would be self-defeating
If you want the sun, you're gonna get the sunshine
Now don't be fooled by just your first impressions

My mama told me always use discretion
But the things I do
I took no lesson
I just do what I do
And I know you really like it

Don't you?
I know you like it
I know you really like it

Not gonna hide it
(No baby, I'm not gonna hide it)

I wouldn't lie
Cuz I know you really like it baby
Not gonna hide it
Tried to disguise it
I wouldn't lie
It's just my natural motion
