The things that we all do for love...
The things that I would do for love...

I... would walk a thousand miles
Just to see you smile
This is what you do to me
And it's you... you're the reason why
So won't you stay a while
So that I can make you see

Just how you make me feel
And I wonder if it is real
Cuz it's what the heart's been waiting for
But do we know what we are looking for

The things that we all do for love
We compromise it just because
We want the best that love has got to give
The things that I will do for love
Is basically I'd make it all with you
This is what I'd do

I'd... let you play your games
There's only me to blame
I guess I'm just a fool for love
But I'm safe... safe in letting go
And not afraid to fall
As long as you will fall with me

(Tell me you feel the same)
Ooh, boy, Tell me you feel the same, baby
(Stay through the joy and pain)
Cuz it's what your heart's been waiting for
Now that you know what you've been searching for

The things that we all do for love
We compromise it just because
We want the best that love has got to give
The that that I will do for love
Is basically I'd make it all with you
This is what I'd do

(Hold you, control you)
Here's the moment we've been waiting for
(So love me so slowly)
And please don't rush the feeling through the door
(Don't compromise) just give your all
Let me know that this is love

(Tell me you'll understand) ooh, boy, tell me that you
feel the same, baby
(Love me, say anything) heyy, it's what my heart's been
waiting for
I know what you're waiting for

The things that we all do for love
We compromise it just because
We want the best that love has got to give
The that that I will do for love
Is basically I'd make it all with you
This is what I'd do

The things that we all do for love
We compromise it just because
We want the best that love has got to give
The that that I will do for love
Is basically I'd make it all with you
This is what I'd do

(Tell me
What would you do?
Would you send me roses?
Would you send me kisses?
Would you send me your love?
Or would you bring it to me?)
