I've been waiting since we were at school  
I've been hurting like a love sick fool  
I've been hoping I could be your slave  
Serving thee, lovingly, straight down to my grave

### CHORUS

Give me plenty lo - ving  
All that I deserve ...deserve ... deserve ...deserve  
After years of waiting  
As number one reserve  
Give me plenty lo - ving  
Till I cease to yearn ... and yearn...and yearn...and  
yearn  
I've long in waiting  
But now it's my turn

I've been keeping very close to you  
But you ignored my most sexy clue  
Always flirting with those other guys  
Holding hands, making plans, right before my eyes

I've been dreaming you would be my own  
Have a few kids build a happy home  
But you never even glanced my way  
On the run, having fun, slighting me each day

You've been playing around all these years  
Never thought that you'd be shedding tears  
Now you know pain with your broken heart  
It's my chance, for romance, so come let us start
