Divided we will fall into the dark unknown
Surrounded by the walls made from hearts of stone
Divided we will fall as we're torn apart
Hear the final call of a dying star
Condemned are those alone long-since separated
The pure freezing cold outside - waiting ...
Divided we fall into a dark unknown
Divided we fall torn apart by love

Unity in misery, practicing what we preach
Negative energy, i'm the host - you're the leech
We devastate and clear the way, loss for words - no
more to say

Divided we fall into a dark unknown
Divided we fall torn apart by love
