"Love Without Time"

Visit "[Love Without Time](#)" on MotoLyrics.com

What is time without love?
What is love without time?
What's the highest mountain like
Without a valley nestled at its feet?
What's a river without a bend
To guide its flow to where it should end?
What am I without you?

What is life without love?
Well, it's me with all the time,
Time to think about the love
We hardly had the time to share;
Now my life's without love
Our love just never had time,
Now we've run out of moments
To save our love in time

What is pleasure without pain?
What is sunshine with no rain?
What's the moon without the sun
To take its place when night is gone?
If the sea were without the sky,
Just where would the horizon lie?
What's hello without goodbye?

What is life without you?
Well, it's me with all the time,
Time to think about the love
We hardly had the time to share;
Though my life's without love
You are my love for all time,
Though we've run out of moments
To save our love in time

Though my life's without love
You are my love for all time
Though we've run out of moments
To save our love in time
