Taking the world..  
Taking the world on, by yourself,  
Where will you learn ?  
Where will you learn on by yourself?

Runaway, it's the only way for you to stay alive..  
(I'm not moving if you pay me, is this shit is gonna  
make me)  
Couldn't look inside and die ..  
That's not the way to be talking,  
If you wont, just stay alive  
(It's the chance i have taken, it's the only way to make  
me)  
Satisfied with my life,

(chorus1)  
Code red..calling for code red  
Calling the enemy and the solution is not the only end,  
Code red..calling for code red

(Chorus2)  
Taking the world..  
Taking the world on, by yourself,  
Where will you learn ?  
The world is on your side  
Taking the world on..taking the world on by yourself  
Its the battle you fought and you won  
When you saw this through the --- everyone

Just like you i am, just like you i am  
(its impossible looking where you from, looking for the  
---- )  
Looking all -----  
I understand, i do  
I understand like you're supposed to  
(that's impossible, how are you suppose to)  
(there's a million)

(chorus1)  
Code red..calling for code red  
Calling the enemy and.. the solution is not the only end,

Code red..calling for code red

(Chorus2)

Taking the world..

Taking the world on, by yourself,

Where will you learn ?

The world is on your side

Taking the world on..taking the world on by yourself

Its the battle you fought and you won

When you saw this through the --- everyone

Im calling for .. im calling for...

Taking the world..

Taking the world on, by yourself..

Taking the world on, by yourself

(chorus1)

Code red..calling for code red

Calling the enemy and.. the solution is not the only end,

Code red..calling for code red
