Trapped inside  
Places i'm starting to hate  
Stuck inside  
Wasted i fall into place  
Watching the world  
And waiting for something to change  
Do what we have to  
To get what we need  
From what's left  
For people like me  
Battered and bruised  
From the chances i take  
Its the impossible way that i think

You shouldve been satisfied  
You should have been full inside  
You could have been happy  
Simply with your peace of mind

More than just  
More than a thorn in my side  
More than just  
More than our differece aside  
Im choosing sides now  
Still waiting  
For my peace of mind now  
No strings attached  
To the  
Promises given  
To the  
Faces and places  
Of those that i hate  
Its the impossile way that i think

You shouldve been satisfied  
You should have been full inside  
You could have been happy  
Simply with your peace of mind

Heres your share  
And my share

You still need  
More to fill  
Its all  
Or nothing at all  
You take from me  
You need to rest from me
