Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

NãŁo digas nada
Somos livres de ficar
NãŁo estragues a noite
com coisas de nada

Juntos, tãŁo juntos
Os dois pela noite
Podemos rir e falar
e danãŁar outra vez

Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

Deixa as lãŁgrimas
TambãŁm tu podes rir
EstãŁi tudo aãŁ
Guardado dentro de ti

DanãŁar na noite
Esquecer o tempo
e ouvir a mãŁsica
A chamar outra vez

Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

Gonna make you dance

Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

Nã£o digas nada
Nã£o digas nada
Nã£o estragues a noite
com coisas de nada

Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

Gonna make you dance
Gonna make you smile
I'll make you stop thinking sad things for a while
And everything waits when you're dancing in style

I'm gonna make you dance
Make it with style
