You can walk on the water, drown in the sand
You can fly off a mountaintop if anybody can
Run away, run away, it's the restless age
Look away, look away, you can turn the page
Hey, buddy, would you like to buy a watch real cheap
Here on the street
I got six on each arm and two more round my feet
Life is a carnival, believe it or not
Life is a carnival, two bits a shot

Saw a man with the jinx in the third degree
From trying to deal with people, people you can't see
Take away, take away, this house of mirrors
Give away, give away, all the souvenirs

We're all in the same boat ready to float off the edge
of the world
The flat old world
The street is a sideshow from the peddler to the corner
girl
Life is a carnival, it's in the book
Life is a carnival, take another look

Hey, buddy, would you like to buy a watch real cheap
Here on the street
I got six on each arm and two more round my feet
Life is a carnival, believe it or not
Life is a carnival, two bits a shot
