

Norah Jones "Peace"

Visit "[Peace](#)" on MotoLyrics.com

there's a place that i know where the sycamores grow
and daffodils have their fun
where the cares of the day seems to slowly fade away
and the glow of the evening sun
peace when the day is done

if i go there real late, let my mind meditate on
everything to be done
if i search deep inside, let my conscience be my guide
then the answers are sure to come
don't have to worry none

when you find a piece of mind
leave you worries behind

don't say that it can't be done
with a new point of view
life's true meaning comes to you
and the freedom you seek is one
peace is for everyone
peace is for everyone
peace is for everyone
