It's time to take off  
And live the life at fastest speed  
And feel the fire, live the pain  
Sorry pal, but I gotta go!

There are times you let go,  
But there are times you must stand  
Ground and fight!

[Bridge:]  
Living on the edge  
Growing up in flames  
Screaming!  
And feeling!  
My pain!

Burning tires, wheeling flames  
Riding outta hell, I'm an easy rider!

But now it's time to return  
To get back the things you've lost  
And live in fire, heal your wounds  
That's the pace of life, my friend!

[Bridge:]

[Chorus:]  
Burning tires, never tamed  
Riding outta hell, I'm easy rider!  
Burning tires, heart in flames  
Riding outta hell, we're easy rides!

[Lead Davis]

[Chorus]
