[Lead Davis]

For one more day I stayed alive...

Trying to find another way

A path to sanity...

Like a shot from a gun I feel!

Conformation leads to ecstasy

I couldn't find another way...

A run for guns, agreed!

Living in this world of fear!

[Bridge:]

Release me for God's sake!

[Chorus:]

Now your time to die has come

Out of control

Beyond this point I go alone

Taking their lives

I don't even cared about you

I'm out of control!

Out of control!

I will get you now my friend...

Don't try to escape from me...

I'm the first rebellious...

Like a saint in hell you said!

Resurrection leads to ecstasy

Never found another way

A run for guns, agreed!

Ruling in this world of evil!

[Bridge / Chorus]

Trusted by God I still believe

In the will of Heaven

[Lead Gustavo]

[Bridge / Chorus]
