One day, staring at the ceiling, making
Friends with... now off

I'm off that match box 20, I need to hit the jackpot
I'm broke so I'm low enough to black block semi
Taking back shots of Henny, cause that's my remedy
I'm wondering how much money we robbing a crack
spot...
If they only... and cues, kicking the door and they start
squeezing tools
Next time you'll see me on tv will be the news
Rapper found slain for the past people choose
Mom seem to blues and nobody wouldn't give a fuck
Excess wait for the word to nip and tuck
Man I start thinking crazy when I'm the...
I know I come from seamen and I'm still a nut
Welcome to the inferno, when a gun start touching you
kids like...
Look the other way like paternal
Ain't writing rhymes but I'm writing in my journal
Letters to god but I don't know if he concern them

They say hell waiting on the sinner
All my life feel like Satan hating on a nigga
No paddle travel up a defecating river
Shit's creek, shit's weak,... praying on my level
Tracking the vicious cycle, this is life
But my life is my biggest rival
Shit is try but I can't pick a different life,
So grip a mike, tell you what go a nigga psycho
That... world, it ain't nothing you can do with me
I call you no class ass niggers truancy
I came out of ugly situations beautifully
I built a house out of bricks, haters through with me

I'm from the beach city bitch, beach city bitch, beach
city bitch
Beach city bitch, beach city bitch, beach city bitch
I'm from the beach city bitch, beach city bitch, beach
city bitch
Beach city bitch, beach city bitch, beach city bitch.
