How many times I gotta tell you niggas?  
I'm not like you!

Sup niggas  
It's your boy  
Crooked I  
Yeah  
Turn this shit up  
Turn it up!

I ain't never love a cop  
They some American devils  
Wanna bury me since birth  
Gave my parents a shovel  
Real niggas don't die  
So they scared of the ghetto  
What's a puppet compared to Gepetto  
Hello  
And you... time niggas you know where on my level  
Rather talk to baby girl over there in the yellow  
I'ma tell her get naked but she can wear the stilettos  
Got a round jiggly ass but I ain't sharing my jello  
It's an alien abduction  
Put her in my spaceship  
Demeanour of a boss  
I ain't gotta say shit  
I just wanna make it  
Get my new bitch a pair of Sarah Palin fake tits  
You hear me  
I'm a long beach nigga  
Riding down prince y'all  
Read my bumper sticker it say fuck Russ Limbaugh  
Got hood credit, the streets is my co-signer  
I talk shit like Mel Gibson my ghostwriter

I'm in the streets tell me where you at  
Put a hundred killers in front of you I could do that  
Me and you ain't the same but you knew that  
If you don't give a fuck throw your middle finger up  
Real niggas fuck with real niggas, everyday  
Live niggas fuck with live niggas, everyday  
Real bitches fuck with real bitches, everyday

Live bitches fuck with live bitches, everyday

It's just me against the world, soldier on the mainline  
How can I be militant and ignorant at the same time  
I love liquor but I hate swine, blame it on the  
complexities of a great mind  
I think i'm stuck somewhere inbetween Malcolm X and  
Detroit Red  
Still chasing after d-boy bread  
And i'm hardcore, lay a snitch flatter than that  
cardboard

Sitting underneath the spinning d-boy's...  
I keep a glock, I be telling degenerates  
It'll eat you pussies quick as Ellen DeGeneres  
I mix drinks like a hell of a chemistist  
If you a bitch nigga you forever my nemesis  
Killing youths on my itinerary  
Shouts out to Bun B and Chamillitary  
I'm a Nas Illmatic nigga, Jay Blueprint nigga,  
Curtis Jackson with an opinion 52 cent nigga

I'm in the streets tell me where you at  
Put a hundred killers in front of you I could do that  
Me and you ain't the same but you knew that  
If you don't give a fuck throw your middle finger up  
Real niggas fuck with real niggas, everyday  
Live niggas fuck with live niggas, everyday  
Real bitches fuck with real bitches, everyday  
Live bitches fuck with live bitches, everyday

I don't live like you, I don't think like you do  
Mother fuckers say i'm crazy  
See I grew up in the hood where the cops try to kill a  
dude  
Ever since I was a baby  
And on top of all that these gangbang niggas tripping  
too, I kept a loaded 380

They tried to brainwash me with the curriculum in high  
school  
I never let them fools play me  
C.O.B. I got a religious career, it's the Van Gogh flow  
nigga lend me your ear  
Ain't no rally for the feminists, the women are here  
Pull your cock out quit living in fear  
Probably see a nigga chilling with a porn star  
Use her like the all star in my 4 car  
In other words I only call her when I need help  
Give me brains while I buckle up my seatbelt  
That's when she told me she was Glen Berg's daughter

Said she couldn't take a molested incest father  
Get it off your chest bench press harder  
I gave her a new name called her Princess slaughter  
Her dad's the devil, she a hottie still  
Made a mandingo like the way the human body feel  
Quick question, who embodies guilt  
If you don't buy my shit up at the illuminati wheel nigga

I'm in the streets tell me where you at  
Put a hundred killers in front of you I could do that  
Me and you ain't the same but you knew that  
If you don't give a fuck throw your middle finger up  
Real niggas fuck with real niggas, everyday  
Live niggas fuck with live niggas, everyday  
Real bitches fuck with real bitches, everyday  
Live bitches fuck with live bitches, everyday.
