I'm for the under door
 You grove me for the under door
 I move it for the under door
 'cause I am the under door
 The world on my shoulders I'm riskin it all
 I'mma here to fight until it's over win, lose, or draw
 It's game time, it's game time x 3
 I got the sun in my eyes, my heart beating heavy
 And I've been waiting all my life to show you
 I'm ready
 It's game time, it's game time x 3
 They probably stop me but I know can't
 A bullshit a quitter I ain't
 Niggas yellin at they going so hard in the paint
 F*ck that I'd rather been going hard in the bank
 Here we go time to prove I'm the very best
 Post to . Kelly niggas call me Jerry West
 Had the croft but we . now we're taking steps
 This is underdog is a . step up and place the bags
 The people; e champ I'm like a . and master card
 That five dues I'm like the sixty in the doubl R
 I'm rich rollin I don't bang I don't just hustle
 hard
 To see your . I let the plan who the f*ck we are
 That's . out I came so far but I got so far to ghost .
 I don't give a f*ck I ghost him get out of way I'll
 be .
 This is how we do the shit after . all I know you not
 retreat
 I'm bout to though I'm bout to .
 Is game time and I'm about to kick it all
 Is game time, let's get it how we're livin
 I'ma get it on, I'ma skin and ball
 But I'ma livin on this skinin ball
 This earth, this work I'ma get it ball
 This game is a p**sy I'ma hear to roll
 Speed it bro one day I'm walking through
 Her I'm say you'll never make it
 Girl who you're talking to
 I do what bosses do, take a look in my office you
 On the road to success I know I'll take a loss for two
 What you call a setback, I call a challenge if I fall

I know I get back, it's all a balance
I'm tied up my clubs tight as you bout to be my
punching back
Right before that cross flow I hear them with a hundred
.
All I need in this life for saint is me and y hustling
Haters you gonna pop an . back yelling .
I hear you with the virgin face that I don't give a
f*ck
All I need in this life for saint is me and my hustling
All I need in this life for saint is me and my hustling
