Let me buy you a drink
we got something in common
I see the pain in your eyes
and I got my mind on my problems
I'm probably high as you think
and I'm about to sink to the bottom
she said I bet you a fighter
I can tell a rider when I spot em'
so tell me what's on your mind
told her where do I start
said I don't even know you
then I started spillin' my heart
somebody give me a spark
I'm feeling empty and dark
said I just made a mistake
and it's about to rip me apart
man I cheated on my baby
and I broke up my cribs
somebody told her what i did
she looked up and woke up my kids
left a note on the mirror
you never know where we lived
and if you ever go to court
nigga you know what it is
yea your boy deals drugs for a livin'
you know how that custody works
before they give you our children they'll put you in
custody first
that's the hustler's curse
I'm getting fucked in reverse
I know the woman is her
I wonder what's in her purse
how she feedin' my kids
every second she gone
got me checkin' my phone
should've left them headphones alone
now my best friend is gone
and I just needed to think
she said I feel you for real
as we proceeded to drink
drown our pain and our drinks mane

chorus:

I'ma buy you a drank
go head and drown your sorrows
let tomorrow take care of tomorrow
I'ma buy you a drank
(let me buy you a drink)
we got something in common
see the pain in your eyes
leave my mind on my problems
are you as shy as I think
or we gon' right to the bottom
or what's this story of your soul
the next round I got em'

tell me what's on your mind
she said it's aight I'm dyin'
she said she needed some space
I could tell she was cryin'
tear tracks on her face
baby boy I ain't lyin'
had to cruise in my ride
because my dude on the side
was protecting me best
was respecting me best
did a pregnancy test
was it pregnancy? yes
how can I tell my fiance
I'm scared of him now
she said my character's foul
I'm not bearin' this child
and I'm steadily stressed
he think he's his and he love it
he's pullin' out books
reading stories to my stomach
wish I wasn't creepin' on my man
but I done it
he wasn't making me feel wanted
so keep it one hun'ed
he used to bring me flowers
sing me songs in the shower
before I got pregnant
we used to argue every hour
now our house is a love nest
so I got to confess
I don't want my future decided by a blood test
hey bartender

chorus:

I'ma buy you a drank
go head and drown your sorrows
let tomorrow take care of tomorrow

I'ma buy you a drank
(let me buy you a drink)
we got something in common
see the pain in your eyes
leave my mind on my problems
are you as shy as I think
or we gon' right to the bottom
or what's this story of your soul
the next round I got em'
I'ma buy you a drank
(let me buy you a drink)
yeah
put ya hands up
if you think it's something real
keep ya heads up

whoa whoa ba-di-bi-di-bi-whoa
I'ma buy you a drank
whoa whoa ba-di-bi-di-bi-whoa
whoa whoa ba-di-bi-di-bi-whoa
