"Take My Heart"

Visit "[Take My Heart](#)" on MotoLyrics.com

Lord I've come to abandon me
Take this life and make it Yours
No more running from my destiny
Draw me ever nearer to Your heart
Ever deeper to Your love

Take my heart, take my soul
All that I have come to know
Take my plans, make them Yours
Let Your wisdom overflow
Take my life, take my will, take my world
Take me, Take me

Lord I've come to the end of me
In sweet surrender here I stand
Its Your spirit Lord that beckons me
Draw me ever nearer to Your heart
Ever deeper to Your love
