"Again"

Call me crazy
I love my baby
But it's time, it's time to let her go
She's got to know she means the world to me
I take the blame
It's all because of me baby

[Chorus]
Again, I broke her heart
Again, I broke her trust
Again, I broke her love
And I never want to break
I never want to break her heart again

Holding her picture
Up close to my heart
Maybe I'll regret this later on
She's got to know she means the world to me
I take the blame
It's all because of me baby

[Chorus]

Over and over
I though this through
While the rain falls down
And the sun shines true
There's only one thing I can do
Time to let her known,time to let her go

[Chorus]
