Verse 1

The games you play, the things you say.
You think we're all the same
You would never compromise, I realise
You never take the blame
You wonder why we won't commit, you can't resist
To treat like you do
Lookin at our history, the mystery
Is deeper inside you

Pre Chorus

Don't know why you hide it
Don't know why you fight it
Stop bringing me down
You gotta somehow turn this thing around

Chorus

Girls Girls Girls
Gotta love it when they get it right, even when they
cross the line
Girls Girls Girls
Can't resist it when they're looking fine, coz every girl
is one of a kind
Girls Girls Girls
The moment that we think we're on their side, they take
us on another ride
Girls Girls Girls
Gets a little harder to survive, cause everytime they
blow my mind

Verse 2

Why do I justify
I'm wrapping around your finger now, I've worked it out
But do I pretend
You talked about the fancy things, the diamond ring
I hear it all the time, you gotta know its not enough
There's more for us, but only if you try yeah

(Chorus)

(bridge)

I can't live without it, girls girls girls
You can't live without it
I can't live without it, girls girls girls
You can't live without it
