"I want to know what love is"

Visit "[I want to know what love is](#)" on MotoLyrics.com

I got to take a minute time
A little time to think things over
I better read between your minds
In case I need it when I'm older

Now these mountains I must climb
Feels like a world upon my shoulders
Through the clouds I see love shines
It keeps warmer as life grows colder

In my life
There's been heartache and pain
I don't know if I can face it again
Can't stop now
I travel so far
To change this lonely life

(Chorus)
I want to know what love is
I want you to show me
I want to know what love is
I know you can show me

I'm gonna take a little time
A little time to look around me
I've got no where left to hide
Looks like love has finally found me

In my life
There's been heartache and pain
I don't know if I can face it again
Can's stop now
I travel so far

(Chorus till end)
To change this lonely life
I want to know what love is
I want you to show me
I want to feel what love is
I know you can show me
